CTC-Shacolas Group aid to Evia wildfire victims

In a gesture of tangible support and solidarity and in the context of its participation in efforts to provide humanitarian aid to the victims of the wildfires in Evia, Greece, who now face rain and mudslides, the CTC-Shacolas Group recently prepared a whole container, filled with €30,000 worth of clothing and selected foodstuffs for the whole family, and sent it to the Deputy Regional Head of Evia. The ship docked in Piraeus last Friday.

In a letter to the Greek Ambassador to Cyprus, Theocharis Lalakos, Nicos Shacolas informed him of the aid being sent and wished the very best to the suffering people of Evia.
