€50,000 FROM CTC-SHACOLAS GROUP FOR GREECE'S FIRE VICTIMS

It is with concern and great sorrow that, together with all the people of Cyprus, we have watched the unfurling of the tragedy that has befallen Greece due to the deadly wildfires that have cost dozens of lives and left scenes of biblical destruction in their wake. At this difficult time for Greece, we add our voice and strength to that of all Cypriots in response to the Government's call for practical support for the victims of the fires in Attica.

Under the circumstances and in the context of our Group's Corporate Social Responsibility policy, we hereby announce that the sum of €50,000 will be deposited for humanitarian relief purposes in the Republic of Cyprus' bank account with the Central Bank of Cyprus.
