CTC Charity Regatta for Children

In the context of CTC Group's Corporate Social Responsibility policy and with the aim of ensuring the greatest possible staff participation in a charity event, CTC organised the "CTC Charity Regatta 2018" on June 30, 2018. The main aim was to raise money in aid of needy children in Cyprus, through the Sophia Foundation for Children. According to the rules for those taking part, every yachtsman/woman had to obtain sponsorship from friends and supporters. Over and above the cost of organising the regatta, CTC would match the amount raised by each yachtsman/woman. The staff responded to the challenge with great enthusiasm and, with over 110 people from all over Cyprus, raised €7,000 in sponsorships. To this, CTC added another €7,000, thus donating a total of €14,000 to the Sophia Foundation for Children, a sum which the members of its Board of Directors described as significant assistance towards the implementation of specific programmes for needy children.

During the regatta, photographs were taken, a selection of which will be printed on the 2019 CTC calendar, which will focus, once more, on voluntary and charitable activities undertaken by members of the Group's staff.

Nicosia, 4 September 2018
