

Cyprus Trading Corporation Plc

CTC Group offers its assistance

following the deadly forest fires

The Group of Companies of Cyprus Trading Corporation Plc (CTC), in the context of its broader social responsibility and contribution policy, is contributing about €90,000 worth of products and goods that trades in the Cyprus market, which will be made available through the Crisis & Disaster Management Centre of the NGO Reaction and the Office of the Commissioner for Citizens, to relieve immediate needs of those affected by the recent forest fires and to strengthen the efforts aimed for fire prevention and management.

Specifically, the Group will offer:

- A new specialised IVECO Daily fire engine that will be donated by CTC Automotive Ltd to Reaction. The new flexible vehicle can carry up to seven people and will be fully equipped to deal with fires and other disasters.
- Generators, chainsaws, high-pressure water jet machines and other specialised equipment were donated by Superhome Center (DIY) Ltd to Reaction for the same purpose.
- Other essential items that provide immediate assistance to those affected by the 4th of July fire were donated by Argosy Trading Company Ltd, via the Office of the Commissioner for Citizens, following their request for specific products.

CTC Group of Companies stands in solidarity with those affected by the deadly fires and expresses its deepest sympathy to the families of those who lost their lives.
